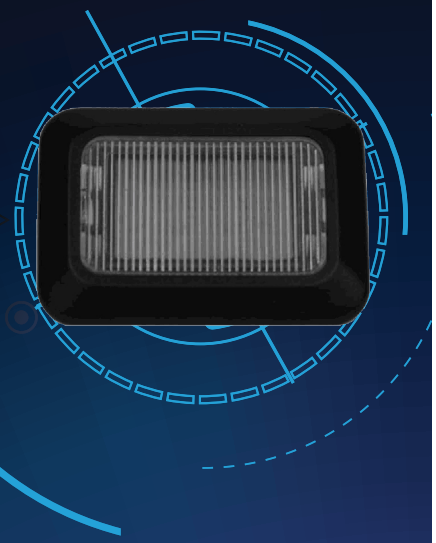
NVIS LIGHTING

NVIS WHITE RECTANGULAR DOME LIGHT

Hoffman ENGINEERING



BRINGING

INNOVATION

TO

LIGHT

723-1101-XXX

Hoffman's 723-1101-XXX rectangular dome light provides workstation illumination in areas where NVIS compatibility is needed. Hoffman's NVIS white lighting is the color preference for applications where color rendering for tasks, such as map reading or medical treatment, is important. The lights are lightweight, require very little panel space, and their lighting performance exceeds many comparable incandescent lights while requiring significant;y less power. Hoffman's rectangular dome light is available in other colors including visible white, NVIS Green-A, and dual mode versions.

Product Specifications

- **Housing Material:** G.E. Ultem 1000 PEI; black per FED-STD-595
- **Mounting Plate Material:** 6061 Aluminum
- **Lens Material:** Polycarbonate
- **Housing Finish:** Flat black
- **Mounting Plate Finish:** Conversion coat per MIL-C-5541, class 1A
- **Power Requirements:** 28VDC, 160mA max
- **Weight:** 0.15lbs max
